# Assertiveness & Confidence Pledge

MAX Conflict Management pledge to give a 1 hour free interactive talk and demonstration "Having FUN and Staying Safe" to 2012 schoolchildren by the start of the 2012 London Olympics - thereby strengthening their development into more confident, assertive and positive individuals.

The small print: This is available anywhere in the UK and is free of charge, although expenses are welcomed. We hope that you will be inspired to book us to provide one of our challenging & empowering courses, but there is no obligation to do so. If you want to talk personally to those who've welcomed us into their organisation and learn what it's all about, please call us for details of schools, charities, colleges etc.
